White Labeling

MajesticLines

Oral Care Line:

manufacturing, private labeling, and custom formulating oral care products.

Products offered include fluoride-free, SLS-free, titanium dioxide-free, and natural toothpaste as well as flavored, alcohol-free, fluoride-free, and natural mouthwash.

Suitable for dentists, and orthodontists.

MajesticLines

Powder Line:

We know that attractive pricing for your powdered supplement is important to you – our industry exposure and experience as a powder supplement manufacturer enable us to do that for you.

We ensure that our powder manufacturing process considers these factors that can make or break the "value" of your supplement

MajesticLines

Soap Line:

We supply a complete soap production line for producing two basic soap types:

- Bar Soaps
- Liquid Soaps

The shape and chemical composition of both types is different from each other.

Therefore, the production lines also differ from each other, But in both lines, we manufacture with high-quality standards and skin-friendly materials that do not cause allergies or irritation
